Today in History June 10

Today in History mines the American Memory historical collections to discover what happened in American history today...and every day.

Teachers

Use American Memory in the classroom.

Ask a Librarian

Get help from an expert.

Pros

- Exhaustive supply of **visual, printed, and handwritten** primary sources: useful for finding sources for a student research project or a primary source analysis
- Indexed by keyword, area, and time period for easy navigation based on student interests / course themes
- Searchable by theme as well as by keyword search
- Consistent annotation of sources (description, time, place, etc) helps students identify nature and usefulness of the sources

The First American West: The Ohio River Valley, 1750-1820 consists of 15,000 pages of original historical material documenting the land, peoples, exploration, and transformation of the trans-Appalachian West from the mid-eighteenth to the early nineteenth century. The collection is drawn from the holdings of the University of Chicago Library and the Filson Historical Society of Louisville, Kentucky. Among the sources included are books, periodicals, newspapers, pamphlets, scientific publications, broadsides, letters, journals, legal documents, ledgers and other financial records, maps, physical artifacts, and pictorial images. The collection documents the [travels](#) of the first Europeans to enter the trans-Appalachian West, the [maps](#) tracing their explorations, their relations with [Native Americans](#), and their theories about the region's [mounds](#) and other [ancient](#) earthworks. Naturalists and other scientists describe Western [bird](#) life and [bones](#) of prehistoric animals. Books and letters document the new settlers' [migration](#) and acquisition of [land](#), [navigation](#) down the Ohio River, [planting](#) of crops, and [trade](#) in [tobacco](#), [horses](#), and [whiskey](#). Leaders from [Thomas Jefferson](#) and [James Madison](#) to [Isaac Shelby](#), [William Henry Harrison](#), [Aaron Burr](#), and [James Wilkinson](#) comment on [politics](#) and regional [conspiracies](#). Documents also reveal the lives of trans-Appalachian African Americans, nearly all of them [slaves](#); the position of [women](#); and the roles of [churches](#), [schools](#), and other institutions.

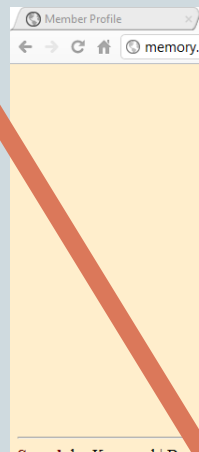

The mission of the Library of Congress is to make its resources available and useful to Congress and the American people and to sustain and preserve a universal collection of knowledge and creativity for future generations. The goal of the Library's National Digital Library Program is to offer broad public access to a wide range of historical and cultural documents as a contribution to education and lifelong learning. Digital collections from other institutions complement and enhance the Library's own resources.

LC / AMERITECH AWARD WINNER

[Denver Public Library](#)[Search](#) by Keyword | [Browse the Subject Index](#) | [Name Index](#)

Over 30,000 photographs, drawn from the holdings of the Western History and Genealogy Department at Denver Public Library, illuminate many aspects of the history of the American West. The photographs were taken between 1860 and 1920. They illustrate Colorado towns and landscape, document the place of mining in the history of Colorado and the West, and show Native Americans from more than forty tribes living west of the Mississippi River. Also included are World War II photographs of the 10th Mountain Division, ski troops based in the Alps.

The mission of the Library of Congress is to make its resources available and useful to Congress and the American people and to sustain and preserve a universal collection of knowledge and of the Library's National Digital Library Program is to offer broad public access to a wide range of historical and cultural documents as a contribution to education and lifelong learning. Digital collections complement and enhance the Library's own resources.

The Library of Congress presents these documents as part of the record of the past. These primary historical documents reflect the attitudes, perspectives, and beliefs of different times. The Library does not endorse the views expressed in these collections, which may contain materials offensive to some readers.

[\[Detail\] Roping, Grayson Ranch](#) 

[Overview](#) | [Preparation](#) | [Procedure](#) | [Evaluation](#)

Lesson Overview

Different peoples have contributed to the history of the western United States. To gain an understanding and appreciation of this history, students investigate the region's cultures and identify the contributions that each make to the whole. This unit leads students to recognize cultural elements through the analysis of photographs from [American Memory](#). Using thematic galleries of photographs, students develop questions about the photos for further research into the region's history and culture. Collaboration with language arts teachers is recommended.

Objectives

Students will be able to:

Cons

- Lack of interactive components
- For in-class or homework assignments, a lot of detailed instructions/wrapping will be needed
- Sheer size of the collection makes student research time-consuming

Sources
