India - Instructional Design, CHW, health info for public

Learning objectives for the course or programme:

n/a

Suggested topics or keywords related to this topic:

n/a

Intended Learner Audience:

Undergraduate

Postgraduate/Graduate

Continuing or Professional Education

Types of Materials:

All

Courses

Case Studies

Lab Exercises

Lecture Presentations

Videos

Data Sets

Textbooks

Software Application

If other, please provide details below

Other Types of Materials:

Simulations/Animations

Additional comments that would aid our search:

A resident at the University of Michigan Cardiovascular Center is working on general education and health reforms in his home country of India. He requested OER on the 3 topics below, with a preference for video and graphical resources. Topics are Instructional design, Community healthcare worker training, and Health information for the general population.

Status:

Approved

Name: Kathleen

Institution:

University of Michigan

Country:

United States
